SANKARI
PLACE

01

For 40 years, Sankari has woven elegance into the fabric of fashion and lifestyle, and now these threads unite to reshape the soul of elevated living. We step beyond real estate to create a legacy where each structure rises as a landmark, and every design whispers a testament to our relentless pursuit of excellence and perfection.

Our philosophy is bold in its simplicity: to craft homes that are more than just statements. Spaces that don't just reflect the essence of perfection, but reflect the essence of one's soul. Residences not just in Dubai, but the embodiment of Dubai itself.

JOIN THE
EXTRAORDINARY

DEDICATED TO THE LIVING LEGACY
ESTABLISHED BY MY FATHER,
DR. ABDULKADER SANKARI

I am privileged to have grown up in the care of such a visionary mindset, one who has established the family business as a prominent force in the fashion and hospitality industries across the Middle East. My journey is shaped by my upbringing in the UAE, where traditional values like trust, integrity and commitment are cherished as much as business skills.

At Sankari, our philosophy is inspired by Dubai; we are its soulmates. We are the architects of its next chapter, the brushstrokes that will paint its ever-evolving masterpiece. We envision ourselves as more than developers. We are storytellers curating experiences that transcend the extraordinary.

MOHAMMED SANKARI
CHAIRMAN

My journey with Sankari began with a simple vision – to develop the most prestigious and ultra-luxury residential property in this very location. I truly believe, and to requote a wise individual, ‘Dubai is an ensemble of realised dreams’. The Sankari family and the Sankari team are passionate about realising this for our customers.

As we announce our partnership with Regent Hotels and Resorts, I take immense pride in what this means for Sankari Place and our legacy. I am confident that together we will set new benchmarks for lifestyle, ultimate hospitality experience and quality.
