LIVING ROOM

At Arancia Yards, the living spaces are defined by openness, and light. Generous 3.1-metre ceiling heights enhance the sense of space, while floor-to-ceiling aluminium-framed windows draw in natural light and extend onto private terraces, creating a seamless flow between indoors and out. Underfoot, clean-lined tiled floors and softly finished plaster walls create a calm, neutral backdrop, while timber accents and integrated detailing bring warmth and balance to the space.

The image shows a modern, open-plan living and kitchen area. On the left, a large window looks out onto a balcony with a potted orange tree. The living area features a light-colored sofa with blue patterned cushions, a low wooden coffee table with books, and a teal ottoman. The kitchen island is a central feature with a marble countertop, a sink, and a modern faucet. It has a wooden base with vertical slats. The backsplash is made of large, light-colored marble tiles. Above the island, a long, thin pendant light hangs. To the right of the island is a stainless steel refrigerator. The walls are covered in vertical wooden slats, and a large black TV is mounted on one wall. The floor is a light-colored tile.
