THE NEXT CHAPTER OF THE YARDS

As the next release within The Yards at City of Arabia, Arancia Yards 2 continues BEYOND's vision of a community where nature takes centre stage.

Comprising four thoughtfully designed buildings, the development is centred around landscaped gardens, vibrant outdoor spaces and a network of shaded pathways that connect residents to the wider community. Every element has been carefully considered to create a place that feels open, welcoming and deeply connected to its surroundings.

Here, landscape is not an addition to the community, it is the foundation upon which it is built.

CRAFTED FOR EVERYDAY LIVING

Arancia Yards 2 offers a collection of thoughtfully designed one, two and three-bedroom residences that combine contemporary comfort with a strong connection to the surrounding landscape.

Generous proportions, abundant natural light and 3.1-metre ceiling heights create bright and welcoming living spaces, while select ground-floor homes feature soaring 4.0-metre living room ceilings for an even greater sense of openness. Private terraces overlook gardens and green spaces, creating homes that feel spacious, connected and effortlessly livable.

LIVING ROOM

Every residence at Arancia Yards 2 is finished with a carefully curated palette of materials chosen for their quality, durability and understated elegance. Clean architectural lines, natural textures and refined detailing create interiors that feel contemporary, welcoming and designed to stand the test of time.

A modern kitchen interior featuring a large island with a marble countertop and a wooden base. The island has a sink and a faucet. Above the island is a long, thin pendant light. The backsplash is made of marble. To the left of the island is a living area with a light-colored sofa and a round coffee table. A large window on the left side of the image shows a view of a garden with a tree and a fence. The overall design is clean and modern.
