URBAN 

ABOUT URBAN VENTURE

We at Urban are a dedicated real estate developer, committed to crafting quality developments across Dubai. We focus on creating real estate investment opportunities that offer not just high-yield rental returns but also enduring value.

With decades of experience across development, construction, property management and investments. At Urban Venture, we don't just develop properties; we help transform your investments and homes into enduring legacies that can be passed down through generations.

DIRECTOR'S MESSAGE

Urban Venture has been set up to capture the true essence of my home, Dubai, so that people from every corner understand that the homes we build for them, help families prosper and come together in a safe and giving city.

With 15+ years of experience, we try to create homes that are the epitome of something exceptional. Built on simplicity, with the idea that when we look at projects in the area, we bring better investment opportunities for our investors.

That's how we come up with buildings that reflect the nature of your needs and desires, a home with the basics like lots of natural light, efficient layouts, quality proposed services for residents, exceptional amenities, and your own personal touch, so that your investments are secured. Let's be neighbors in a city that just keeps on giving.

At Urban, we build for the generations to come.

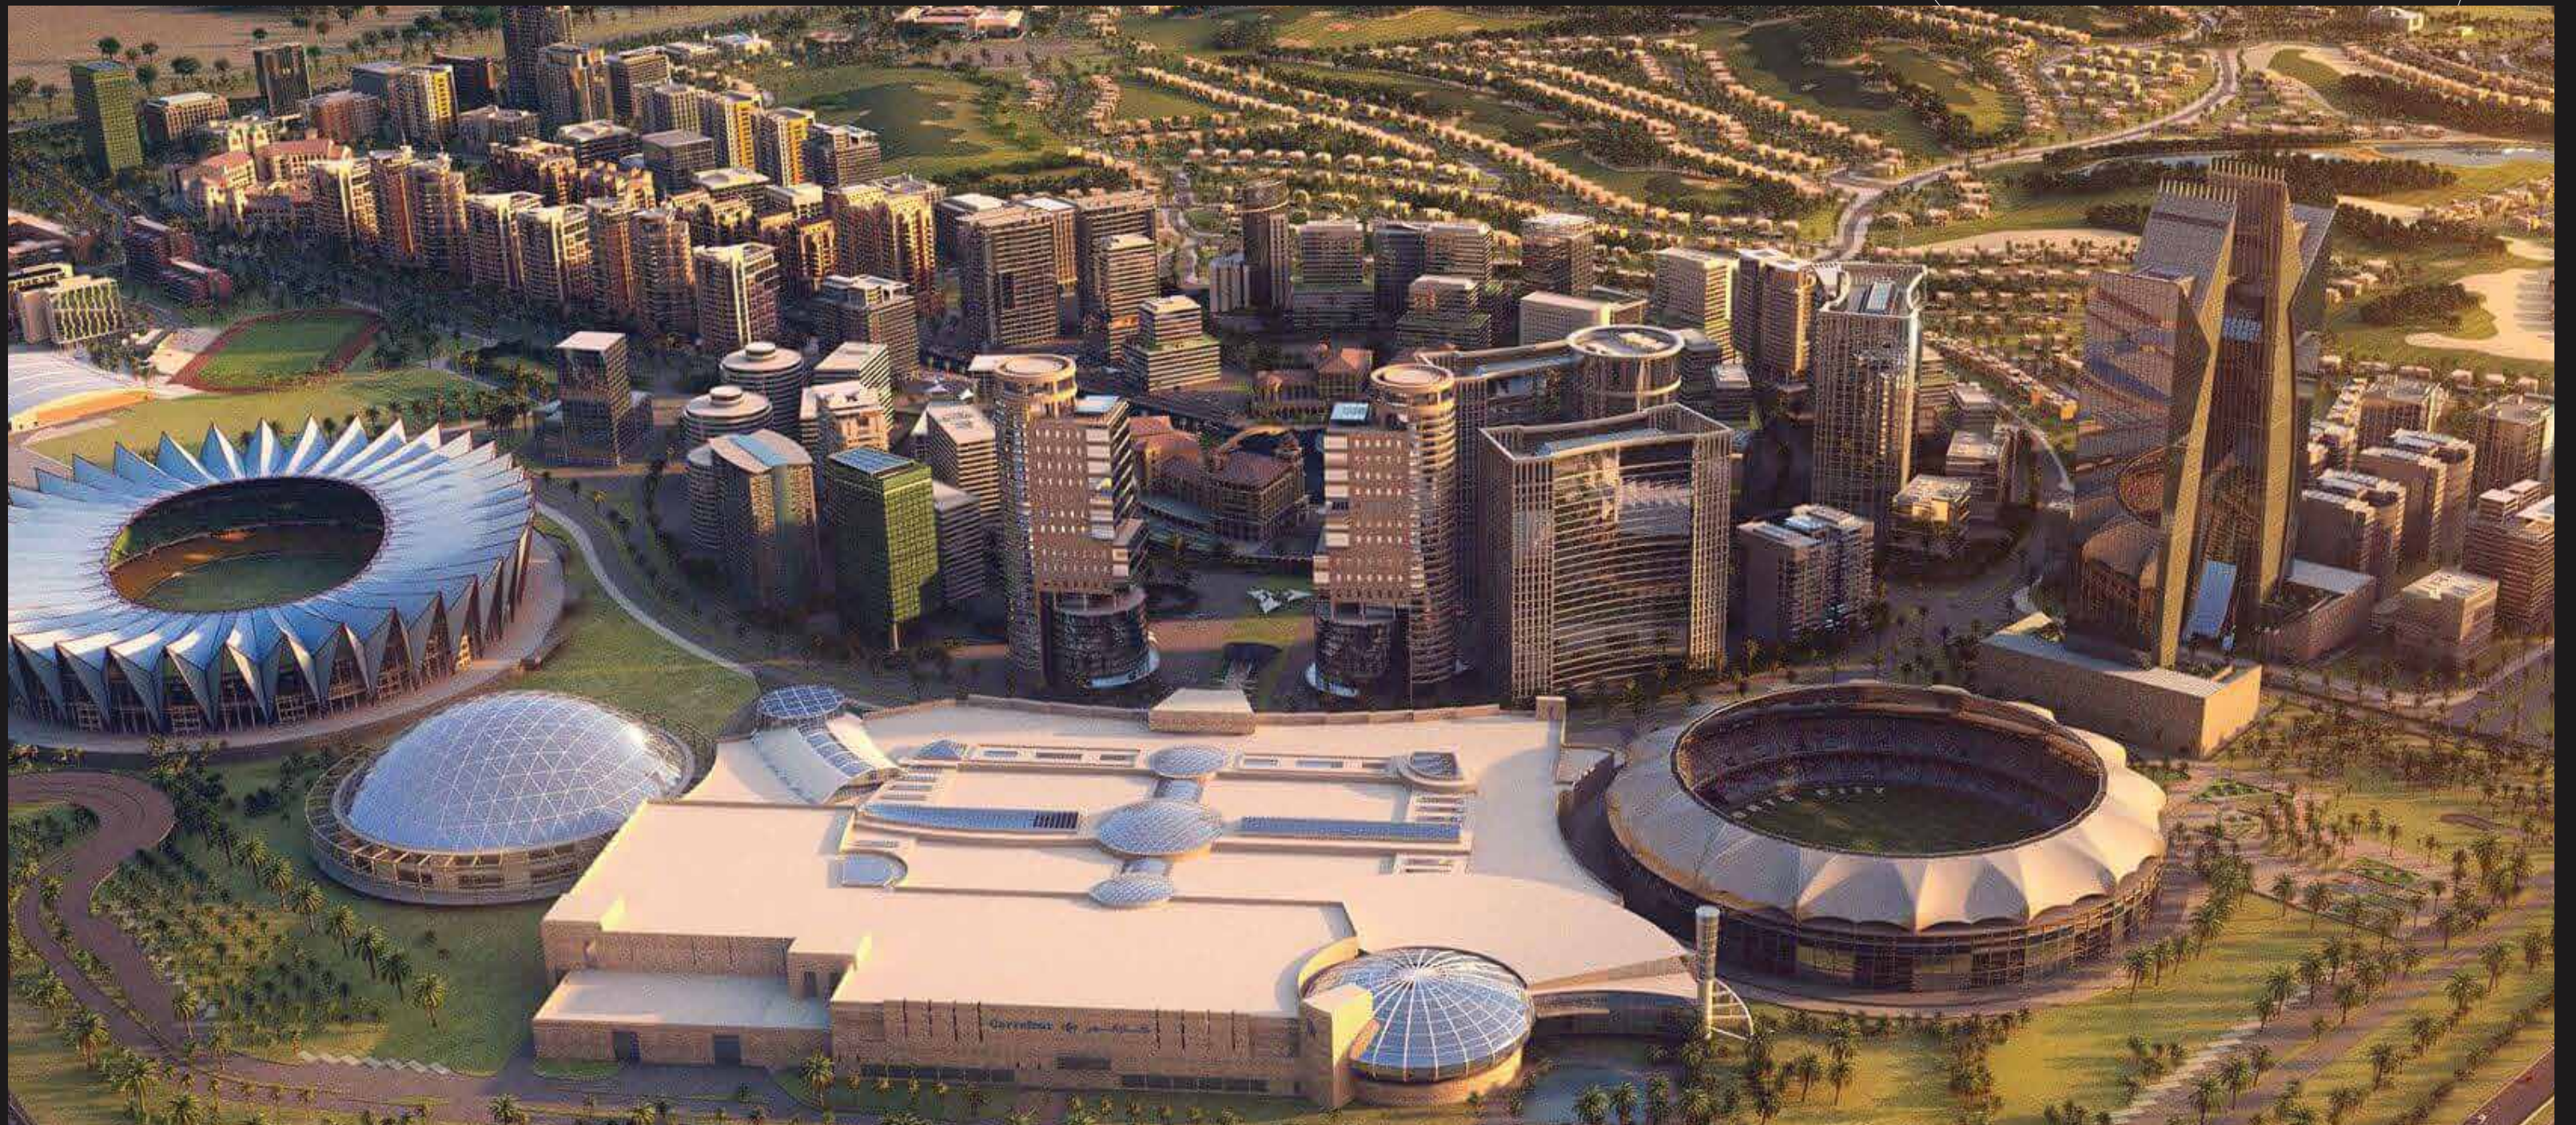

-Hussain Pooya

▀ DUBAI SPORTS CITY

PLAY, LIVE, THRIVE

DSC offers a dynamic lifestyle centered around world-class sports and amenities. The community features the ICC Cricket Stadium, a sports park for 5,000 spectators, and an 18-hole golf course. Residents enjoy indoor facilities like football, paddle tennis, basketball courts, and gymnasiums, along with a variety of dining options.

It is thoughtfully designed with top-tier educational institutions such as Royal Grammar School, Renaissance School, and Dwight School. Several nurseries within the community provide excellent early education options, making it a destination where everything you need is right at your doorstep.

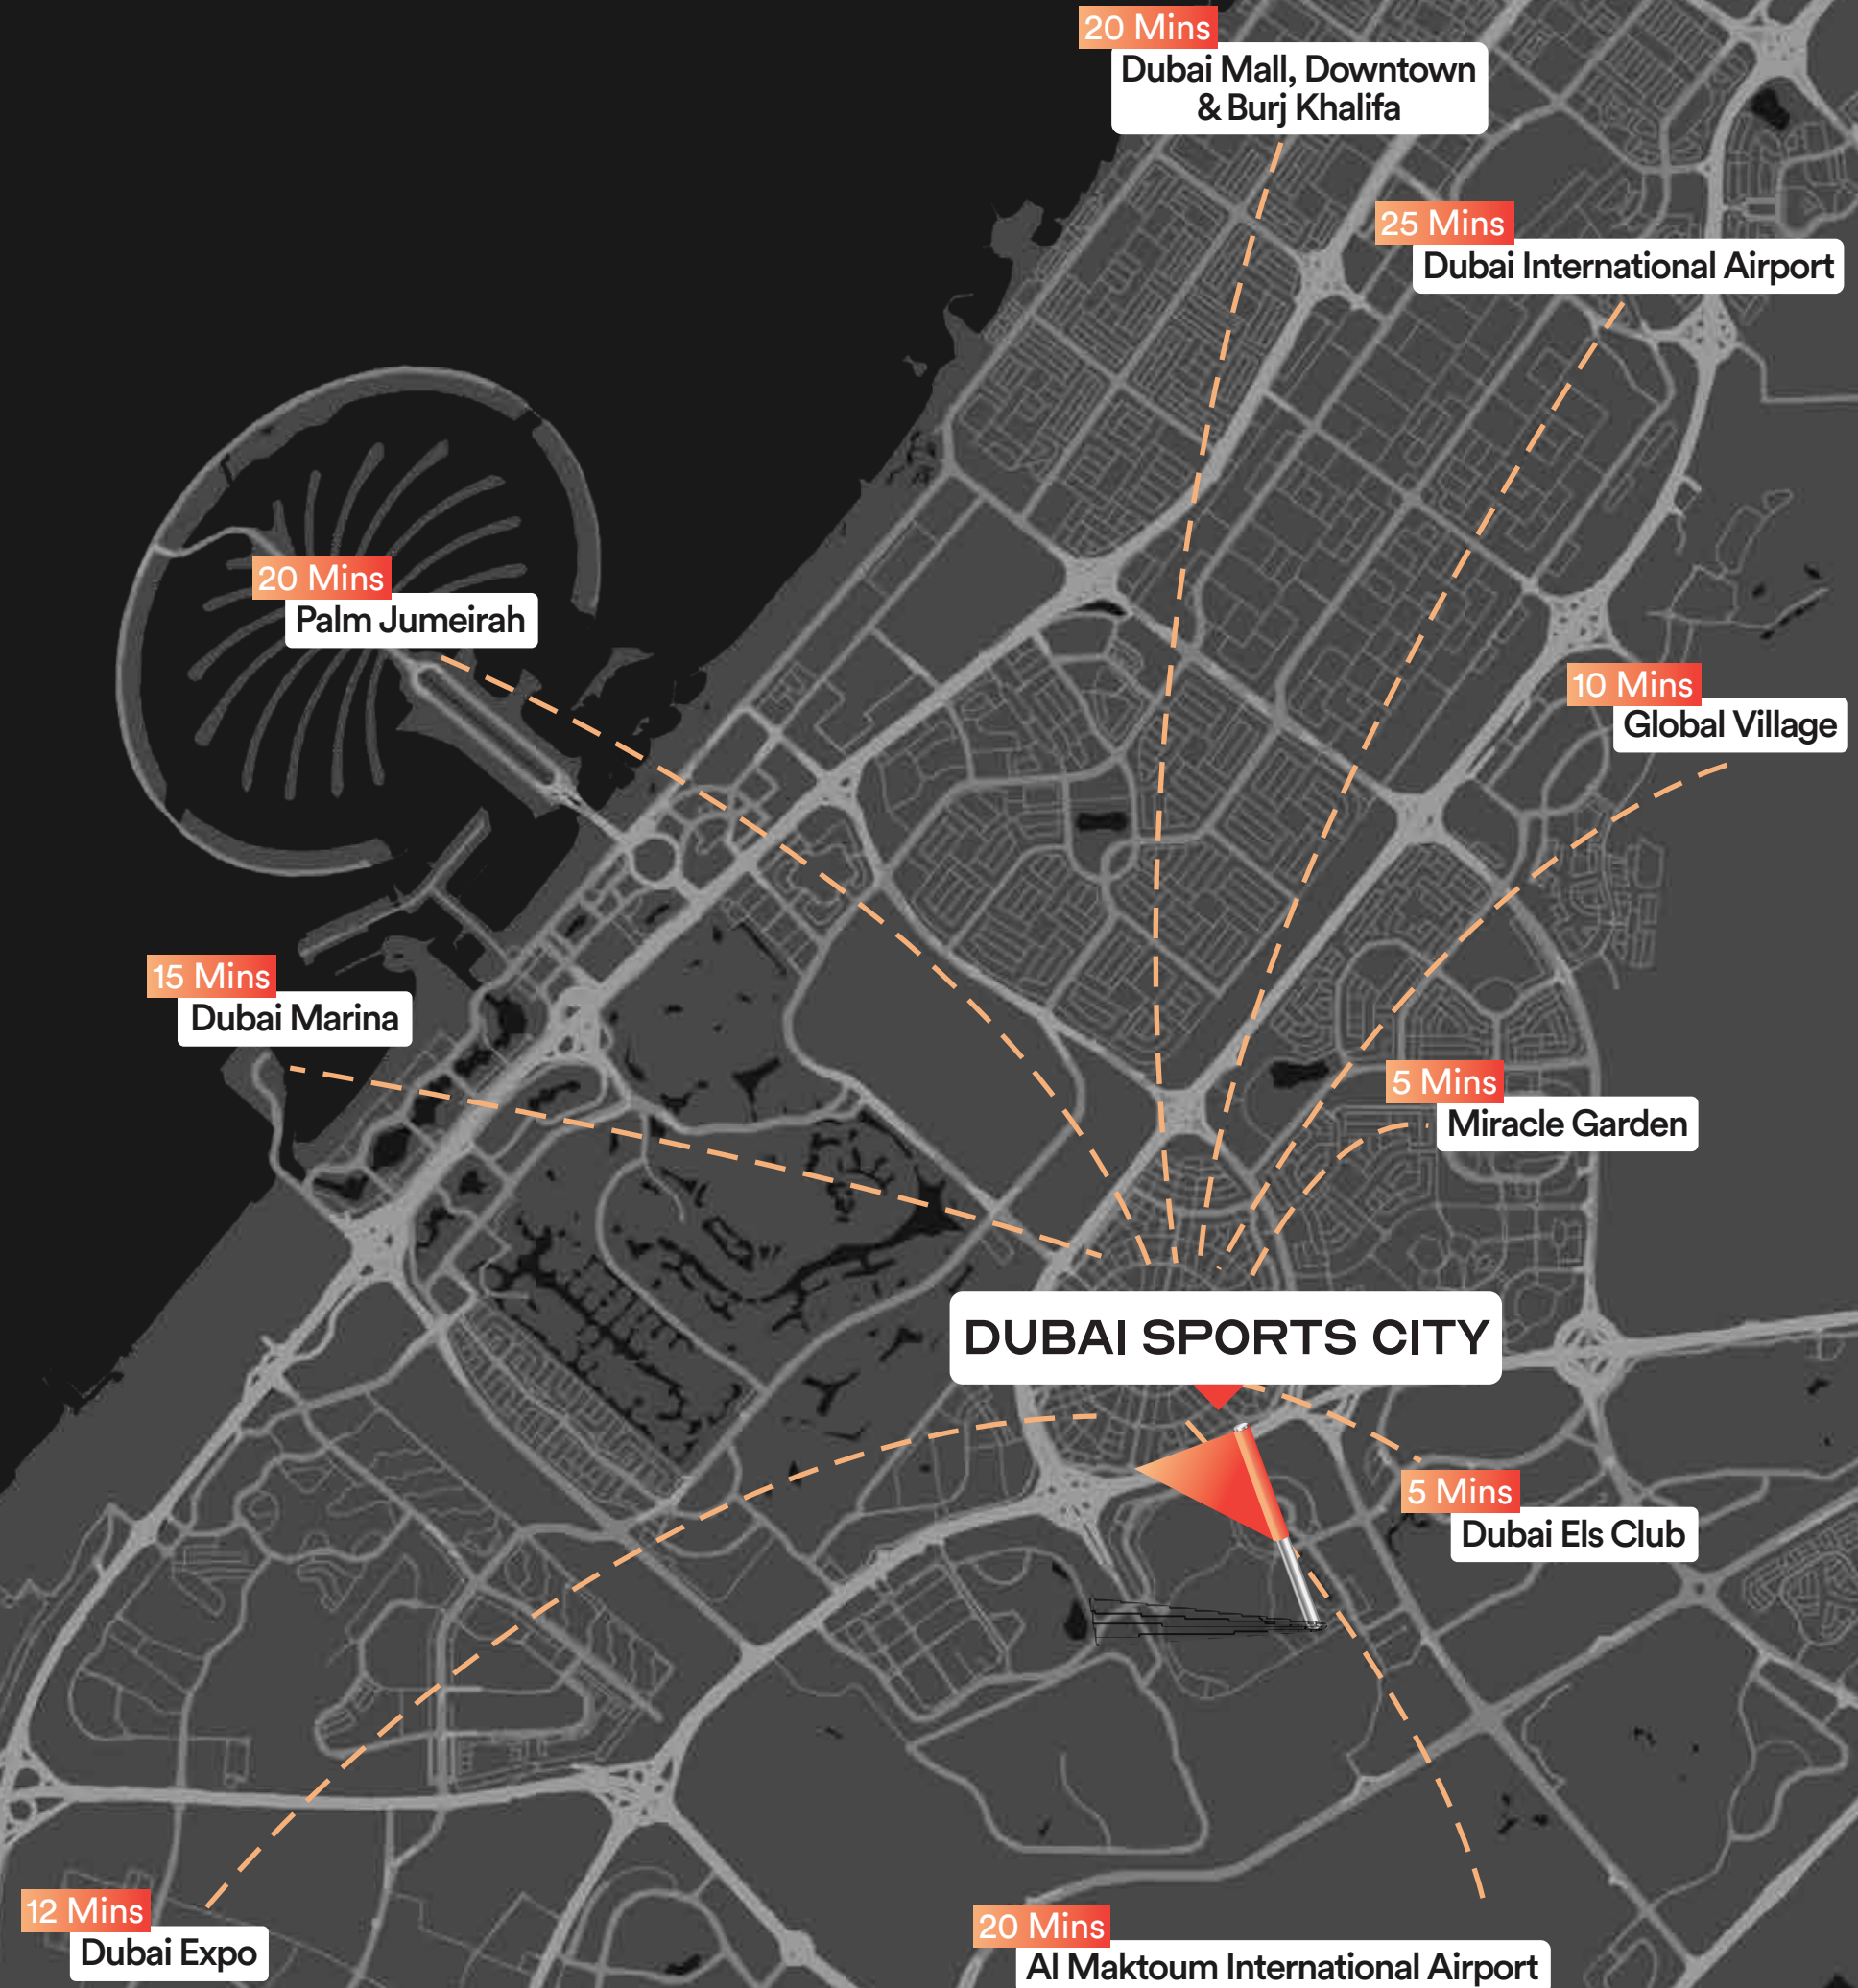

LOCATION

Located at the crossroads of Mohammad Bin Zayed (E311) and Emirates Road (E611), and conveniently close to Hessa Street and Umm Suqeim Road, this community is one of Dubai's most desirable and dynamic neighborhoods.

30 MINS TO ALL MAJOR AREAS
