CURATED WORKSPACES FOR VISION-MAKERS

YOU SET THE AGENDA,
OWN EACH DECISION AND EXPECT MORE
FROM WHERE YOU WORK. HQA BY ARISTA
MATCHES YOUR STANDARD.
BUILT FOR HOW YOU LEAD.

WHERE VISION MEETS ARCHITECTURE

In a city defined by ambition, HQA by Arista stands apart, not as another office building, but as a statement about what work becomes when space, purpose, and people align.

Here, architecture doesn't follow function, it amplifies it.

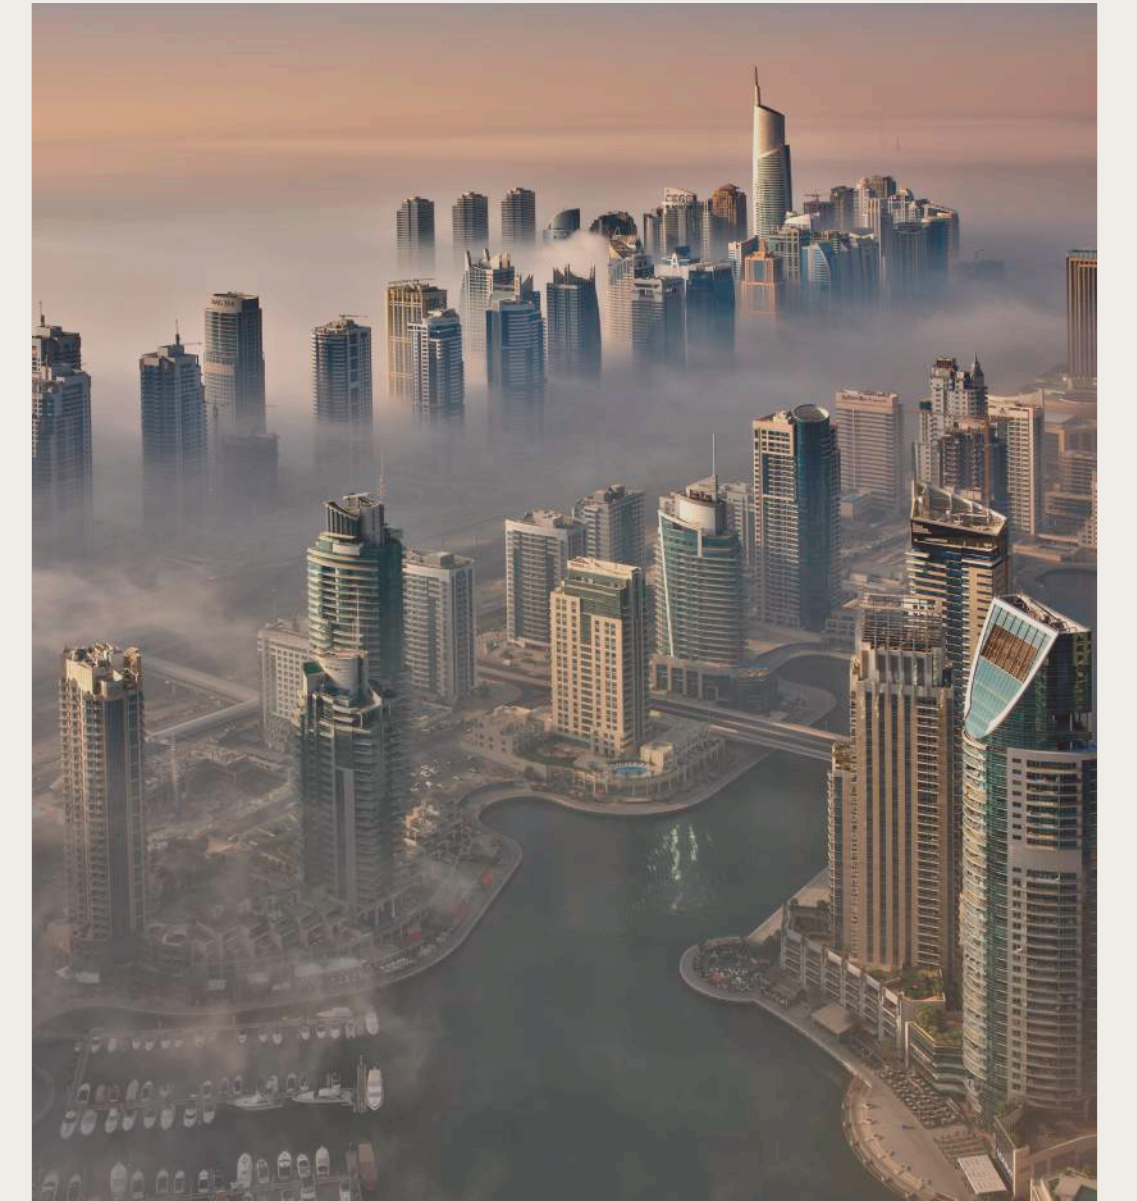

The quiet hum of concentration.

The spark of an idea finding its moment.

The weight of a decision that shapes tomorrow.

This is where intention lives.

Companies aren't built in boardrooms alone.
They're forged in the corridors between meetings,
the pauses that invite clarity,
the spaces that hold ambition without compromise.

For those who don't settle.
Who measure success not in square footage,
but in what those spaces enable.
HQA by Arista is that standard.

FOR LEADERS WHO MOVE WITH CONVICTION

HQA by Arista is Dubai's definitive boutique commercial address, purpose-built for leaders, founders, and future makers.

Designed in collaboration with John R Harris & Partners (Aukett Swanke Group), HQA combines contemporary Grade A architecture, LEED Gold sustainability, and an amenity-rich work ecosystem.

It delivers spacious layouts, efficient planning, and hospitality led shared spaces that support productivity, wellbeing, and a clear daily workflow for businesses that care more about quality than size.

DUBAI
INVESTMENT GUIDE

DUBAI. A GLOBAL HUB FOR BUSINESS & CAPITAL.

Dubai sits at the meeting point of Europe, Asia, and Africa, with a time zone that works for both East and West.

A tax efficient regime, stable regulation, and deep banking network support regional headquarters, private capital, and fast growth firms.

Two major airports, a leading seaport, and a mature hospitality sector keep talent, clients, and investors flowing through the city year round.

COMMERCIAL PROPERTY, BY THE NUMBERS

Commercial property in Dubai is driven by sustained business growth, rising office demand, and limited premium supply. Strong occupancy levels, longer lease terms, and higher rental benchmarks support stable income and capital appreciation, particularly in established and emerging commercial districts.

KEY FIGURES

43%

Growth in commercial
sales trasactions

AED 135bn+

Total commercial
sales value

YoY

A MARKET DEFINED BY DEMAND

Clear supply gap in Dubai’s commercial
market, especially for Grade A,
medium-sized offices

Business growth and decentralised work
patterns increasing pressure on
available stock

Operational priorities such as parking and
accessibility outpacing suitable supply

Demand concentrated around efficient,
well-located offices ready for immediate
occupation and daily business use

AL FURJAN: A CONNECTED
BUSINESS DISTRICT

AL FURJAN AT A GLANCE

Al Furjan sits between Sheikh Zayed Road (E11) and Sheikh Mohammed Bin Zayed Road (E311), placing it within reach of Dubai's key commercial, logistics, and residential zones. Residential density, completed infrastructure, and long-term transport planning support steady commercial activity in the area.

Dubai Marina, Jabel Ali Port, Dubai Media City,
Al Maktoum International Airport and Dubai Knowledge Village

2 metro stations
(Red Line)

Proximity to the biggest commercial
clusters in the UAE - Jebel Ali Port & Free Zone

Close to Expo City
& logistics corridors

Planned Etihad Rail connection supporting
regional movement opening in September 2026

COMMERCIAL IS THE NEW RETAIL. DECENTRALIZED AND ESSENTIAL IN EVERY COMMUNITY

Al Furjan provides an alternative to central business districts such as DIFC and Business Bay, where congestion, parking limitations, and higher occupancy costs impact daily operations. Its position between established commercial zones allows businesses to remain connected while operating from a location that supports easier access and movement.

DESIGNED AROUND DAILY BUSINESS NEEDS

Established residential base supporting
workforce access

Retail, gyms, cafés, and daily services
within the district

Schools, clinics,
and hospitals nearby

Parks, walking routes,
and a lower-density environment

Shorter commutes contributing to
operational efficiency

UNMATCHED ACCESSIBILITY

Upper outdoor terraces

Four ground-floor retail and café spaces

Architectural lighting defining the atrium,
roofline, and landscape

48 Boutique office units

8 Ground floor retail spaces

Grade A commercial office specification

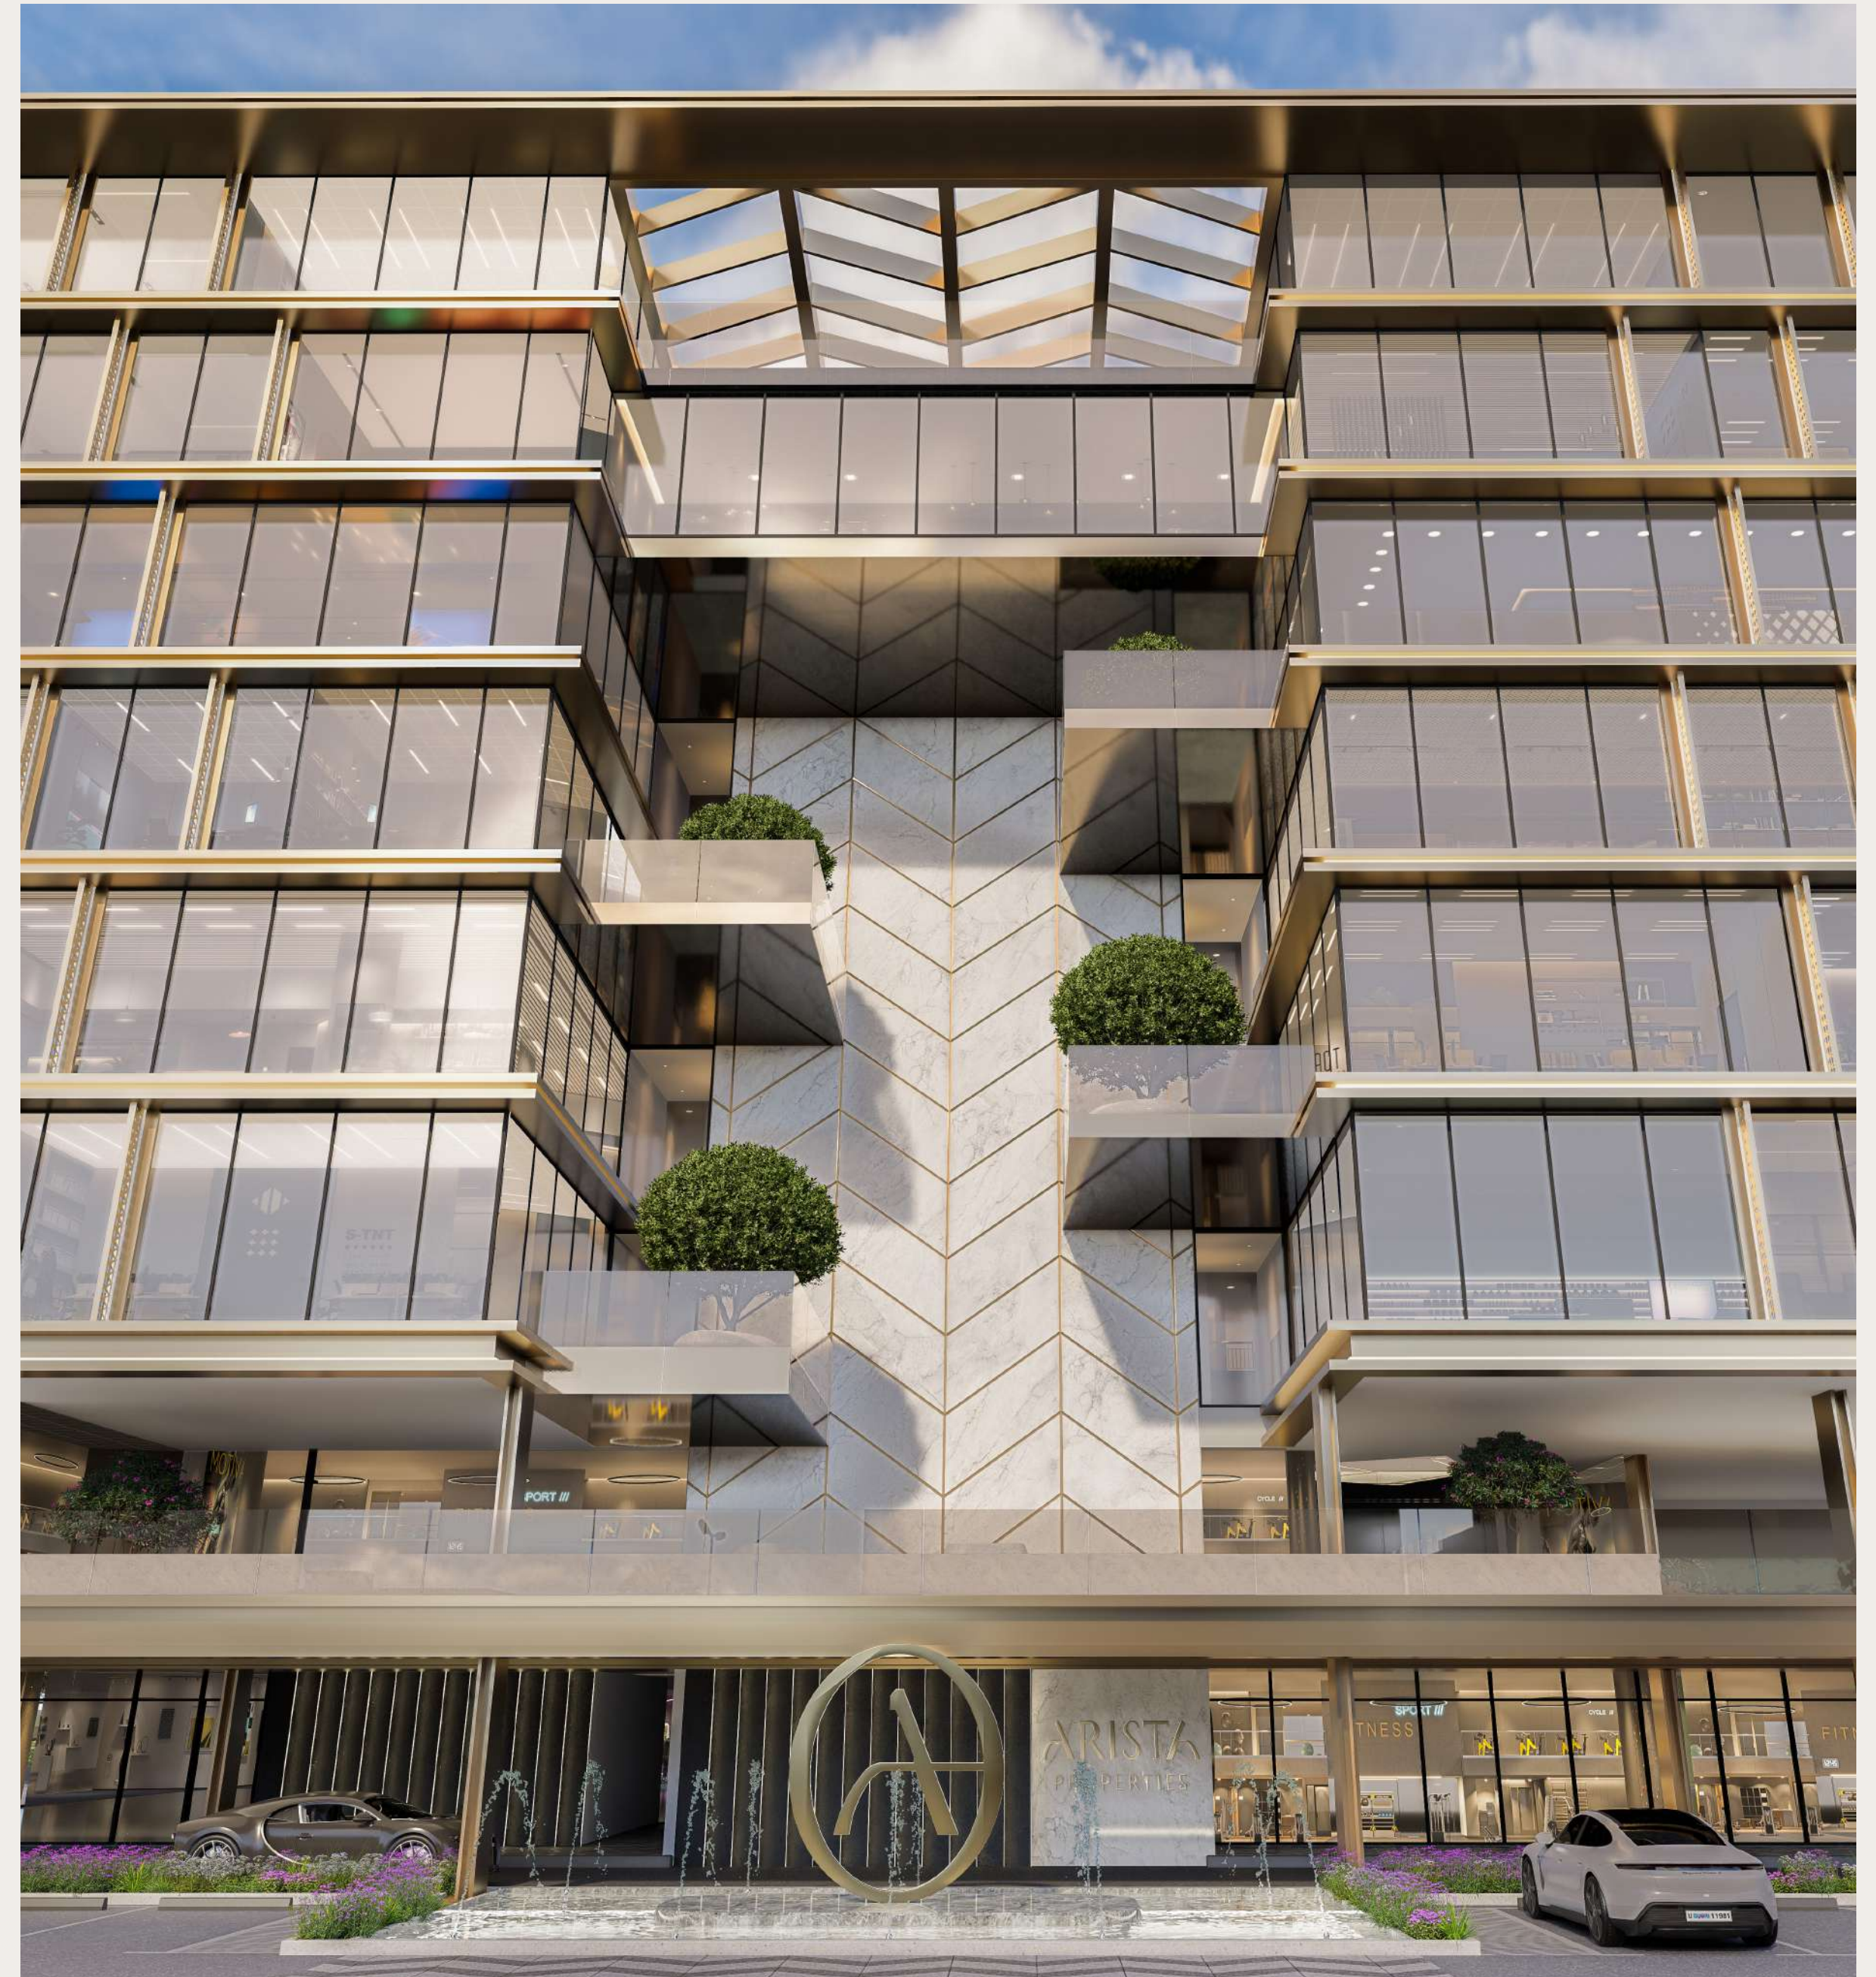

Leed Gold targeted certification

Amenity-rich work ecosystem

THE ADDRESS SHAPES THE IMPRESSION

HQA by Arista establishes a professional first impression with its double-height arrival lobby, generous glazing, and well-positioned shared spaces that serve daily business use. From lobby to workplace, the environment reads composed and credible, giving companies a base that supports how they are perceived by clients, partners, and teams.

DESIGNED TO PERFORM

At HQA by Arista, performance goes beyond appearance, as the building is designed in line with established Grade A commercial standards in Dubai and achieves LEED Gold certification. Material selection, building systems, and spatial planning are coordinated to support indoor environmental quality and long-term operational performance, with sustainability delivered as a measured result and reflected in an internationally recognized rating.

FLEXIBILITY & EFFICIENCY

MAKE THE SPACE YOURS

Shell-and-core customization

All layouts with natural light

Wet pantry and shared utilities on every floor

Water and drainage provision in every unit

A modern interior space featuring a curved wall with a warm, orange-brown hue. In the foreground, a round wooden table holds a white ceramic vase filled with greenery. A black modern chair is positioned next to the table. In the background, a curved bench with a brown cushion sits against the wall. The floor is a light gray carpet. The overall atmosphere is warm and sophisticated.

20+ CURATED LIFESTYLE
AMENITIES

FULL FLOOR OF AMENITIES FOR MARKET LEADING COMPANIES

HQA by Arista concentrates its amenities where they affect the day. Spaces to work, meet, move, host, and adapt are stacked in a way that respects time and focus.

With all essential amenities integrated on site, the day flows seamlessly without interruptions.

GAME ZONE

A low-angle, upward-looking photograph of a modern building's exterior at dusk. The building features a prominent glass curtain wall and a series of horizontal, illuminated metal louvers that create a rhythmic pattern. The interior lights are visible through the glass, and the sky above is a deep, dark blue. The overall aesthetic is sleek and architectural.

ARCHITECTS

John R Harris & Partners is an architecture and design studio with more than 55 years of work across cities and communities. The practice has shaped masterplans, buildings, and interiors that stay useful and legible long after opening.

Their approach is simple. Understand the brief, read the context, and design spaces that work well for the people who use them every day. Each project is developed with clients as partners, balancing clear planning, careful detailing, and long term performance, socially, culturally, and environmentally.
