Care Without Compromise

SANCTUARY

The Wellness Sanctuary

A Purpose-Built Medical Investment

The Murex Clinic represents a strategic opportunity to acquire freehold medical units in Dubai Healthcare City, the region's leading healthcare free zone. Developed with structural efficiency, regulatory alignment, and flexible planning at its core, the building offers a reliable foundation for a wide range of medical specialties.

Inspired by the strength and form of the murex shell, the development reflects durability, resilience, and a commitment to human well-being, without compromising on operational practicality.

A Complete Healthcare Destination

Structure:

BENEFITS

High-Yield Asset:

Medical real estate in Dubai Healthcare City offers strong returns thanks to limited supply and growing local and medical tourism demand.

Government-Backed Location:

Dubai Healthcare City is a healthcare free zone offering 100% foreign ownership, along with significant tax benefits (like 0% personal income/corporate tax for up to 50 years).

Located in a Global Medical Tourism Hub:

Dubai ranked #6 globally and #1 in the GCC for medical tourism (Medical Tourism Index 2020–2021)

Flexible Investment Options:

Shell-and-core delivery allows investors to lease, sell pre-completion, operate as a clinic, or develop and flip post-fit-out for premium returns.

Benefits of Investing in The Murex Clinic

The Middle East and Africa precision medicine market is expected to grow by 11% annually to be worth \$142 billion globally by 2026.

Investors can capitalize on this opportunity by supporting entrepreneurs in developing innovative, ground-breaking personalized medicine solutions that enhance overall patient health outcomes.

Developed by

Established in 2025, Edomi Real Estate Developments is a forward-thinking development company based in Dubai, dedicated to creating spaces where community, growth, and belonging converge. Our name reflects our philosophy: **'Ed' signifies education and personal development, while 'Domi', derived from the Latin for home, embodies warmth and stability.**

Our first project, The Murex clinic in Dubai Healthcare City, marks the beginning of an expanding portfolio.

We believe in developing more than buildings; we craft nurturing environments that foster lifelong learning and enhance quality of life.
